

## The Inbertec UB600 / UB600D Series

The UB600 series headphones are a product designed with an omnidirectional high-definition microphone. They are stylish, beautiful, and easy to use. They are compatible with many brand devices on the market and provide high fidelity sound and voice audio.

- **High Comfort**

Imported high-quality sponge earbuds provide a better fit while avoiding ear pressure. Adjustable headband and microphone boom provide great flexibility.

- **Clear Sound Quality**

We use high-definition neodymium iron shed magnetic speakers designed for speech frequency to improve clarity and effectively ensure every call made by the operator.

UB600D Binaural Series

- **Novel Appearance**

Provide a more fashionable, clean and hygienic structural design for the sound pipe, which can be replaced.

- **Ultra Light Design**

The earphone design is less than 50g, lightweight and suitable for long-term wear in call centers, in line with ergonomics.

UB600 Monaural Series

- **Application Scenario**

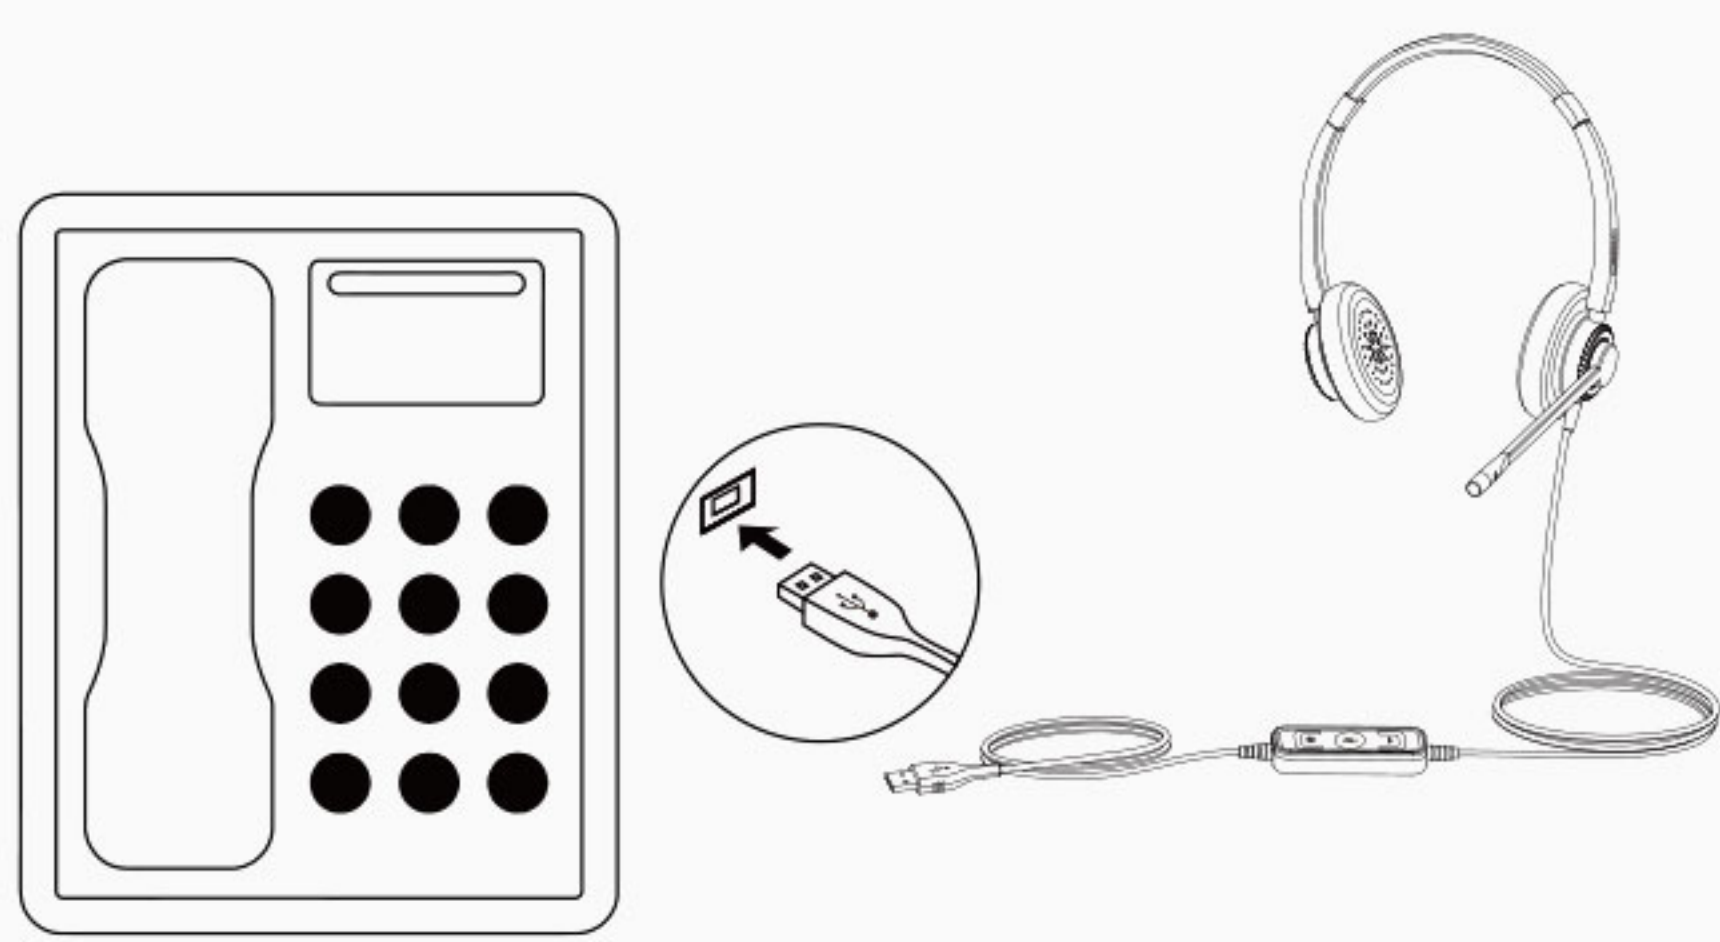

Suitable for various traffic situations, such as large call centers, office applications, VoIP applications, etc.

- **Connection Options**

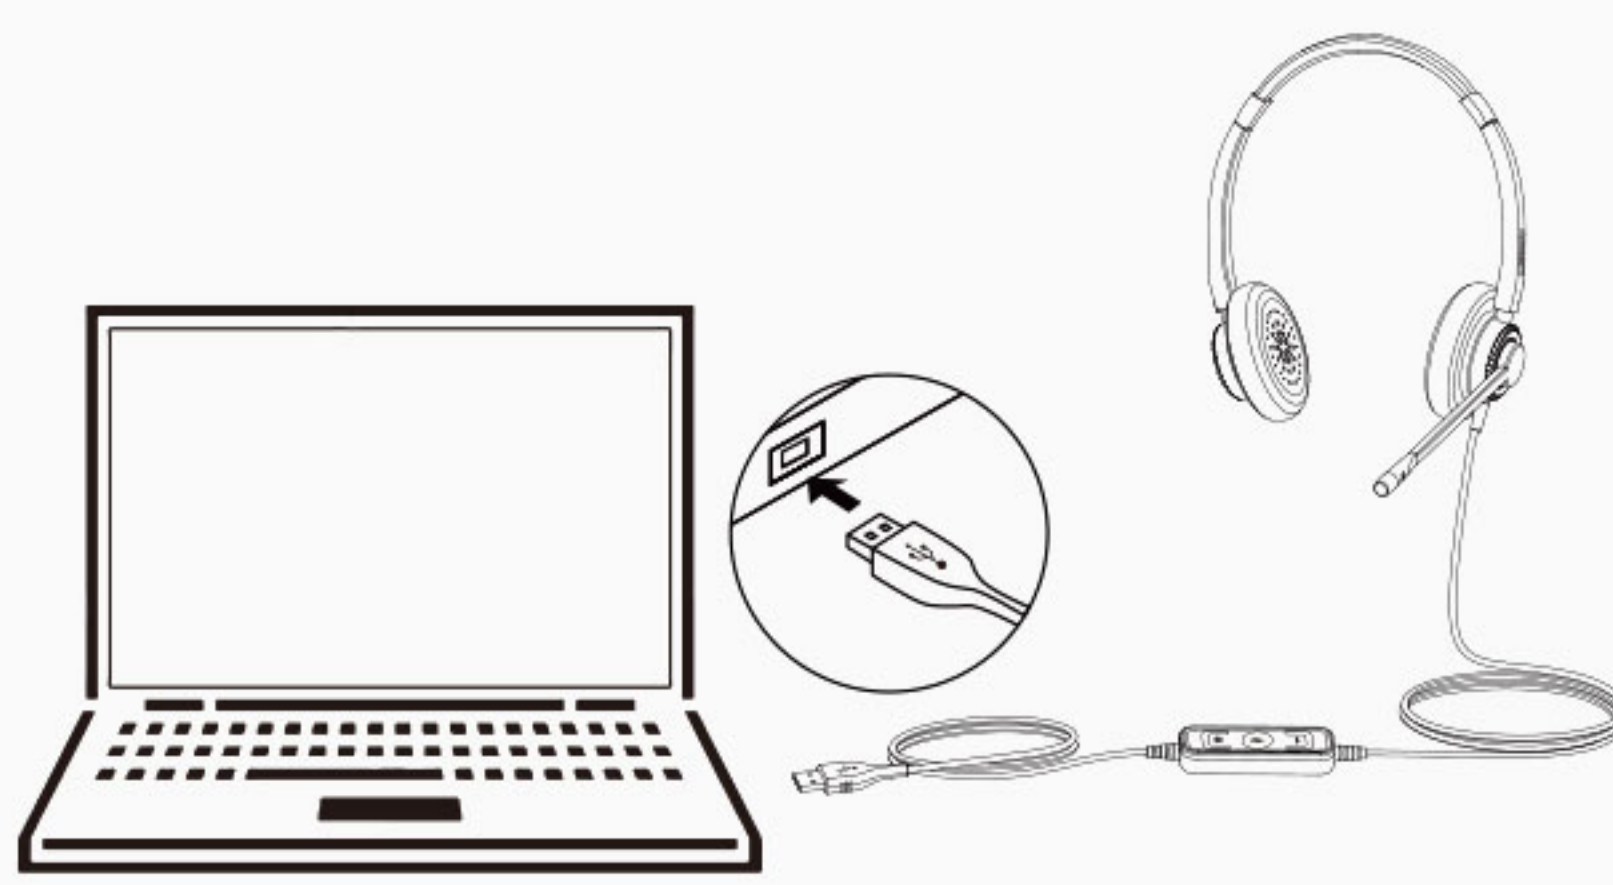

Quickly connect phones and computers through (QD) conversion.
